

# Privacy Notice for Multiply

## Who we are

The Multiply team sits in the Essential Skills and Multiply Division in the Department for Education (DfE).

For the purpose of data protection legislation, the DfE is the data controller for the personal data processed as part of Multiply. In this case the data is your work contact details.

## How we will use your information

We need to reach as many adults as possible with adult numeracy needs across the country. Each local area will receive funding to work on this and has a dedicated Multiply lead.

Among other duties that may vary across each local area, Multiply leads are expected to act as the main contact for stakeholders directly delivering or supporting Multiply delivery.

## The personal data we will use is:

- your work email address

## Why our use of your personal data is lawful

In order for our use of your personal data to be lawful, we need to meet one (or more) conditions in the data protection legislation. For the purpose of this project, the relevant condition is:

- Article 6(1)(e) UK GDPR, to perform a public task as part of our function as a department.

## Who we will make your personal data available to

We sometimes need to make personal data available to other organisations and stakeholders either already involved in the delivery of Multiply or organisations and stakeholders who would like to take part in the programme.

These may include, but are not limited to:

Employers, Providers and provider representative groups, charities, National Careers Service, Jobcentre Plus (Dept for Work and Pensions), Citizen's Advice Bureau, Government Officials.

Where we need to share your personal data with others, we ensure that this data sharing complies with data protection legislation.

## How long we will keep your personal data

The Department for Education will keep your personal data as part of Multiply records for up to 3 years. In this time we expect for the program to launch and for the nature of provision to evolve where necessary. At the end of this period email address data will be deleted.
